

Hilary Goldman

Hilary Goldman represents the 1,200 federally impacted school districts across the country that together educate more than 10 million students. Federally impacted school districts are those located on or near nontaxable federal property such as military installations, Indian Trust, Treaty and Alaska Native Claims Settlement Act lands, federal low-income housing facilities, national parks, national laboratories and other federal buildings and property. These school districts receive Impact Aid—and NAFIS is the leading voice advocating for this critical funding, which ensures students enrolled in federally impacted school districts have access to the opportunities they need to reach their full potential.
