

Supporting Military Children through School Transitions™ : *Foundations*

Supporting Military Children through School Transitions: Foundations™ is an interactive professional development institute, designed for youth-serving professionals, focusing on the military-connected child's experience with transitions. It creates an environment for education, installation, and community professionals to have access to professional networks, technologies, resources, and support systems.

Learning Outcomes:

- ▶ Explain how the elements of transition and separation impact the military family using print media, current research and participants' experience.
- ▶ Interpret data from MCEC research and institute networking that addresses school transitions.
- ▶ Analyze current transition practices/programs for entering and exiting mobile students by utilizing research and networking activities.
- ▶ Formulate a viable transition action plan.
