

MCEC[®] GLOBAL TRAINING SUMMIT

**STRONG FOUNDATION.
FUTURE SUCCESS.**

Continuing Education Credits

The Military Child Education Coalition's[®] (MCEC[®]) Global Training Summit (GTS) is the premier professional development opportunity for everyone who serves and supports the educational needs of military- and veteran-connected children. The 2024 MCEC GTS curriculum will focus on supporting and nurturing all areas of development and learning while incorporating a broader view of the skills and knowledge military-connected children need for long-term success.

MCEC is pleased to offer continuing education (CE) hours for in-person attendees at the MCEC GTS during the pre-summit and regular summit sessions. After attending a CE-eligible session, participants will complete a brief survey and then will receive a link with directions for requesting and purchasing credit hours. Transcripts will be ready 10-14 days after purchase.

COST FOR CREDITS:

Unless otherwise noted, credits may be purchased for \$5 per credit hour of eligible content. For example, a 3-hour session would be \$15 for 3 credits, a 1-hour session would be \$5 for 1 credit, etc.

IMPORTANT:

- CE hours are not available for the virtual event.
- We encourage you to complete the session evaluations immediately following the sessions. The opportunity to apply for credits is available for one year following the event.
- Attendance at sessions will be verified. To be eligible for credit hours, participants must meet the 95% attendance requirement and complete the evaluation. It is at the sole discretion of the requestor or individual to seek approval (reciprocity) from other organizations/boards. We advise you to check with your licensing agency or employer in advance to confirm credit acceptance.

ELIGIBLE 2024 MCEC GLOBAL TRAINING SUMMIT SESSIONS INCLUDE:
